Hygiene/Bedding Commissary-[Canteen]

Montana Correctional Enterprises and **Montana State Prison** have your security needs in mind.

As you are a security orientated institution, you need to see what regional and state prisons are using in their facilities from our available products. We have shampoo, deodorant, and toothpaste in clear containers, bendable writing utensils, clear single blade razors and much more.

By using our products, your security personnel will be able to quickly and efficiently identify contraband materials. Our products are geared towards security as the number one institutional priority.

Take a look at what we are currently selling to facilities in your area.

Bedding

ITEMS OFFERED:

- * pillow : 19"W x 29"D x 4½"H
- * mattress A : 30"W x 75"D x 3"H
- * mattress B : **Made to Order**

Flammability:

Meets requirements of California Bureau of Home Furnishings Technical Bulletin #117 (CA TB 117) Section A, Part I and Section D Part II.

These mattresses are puncture resistant, fire resistant, and easy to shake down for contraband.

They offer a level of security not found in a standard mattress.

If you have particular special needs,— ie handicapped— give us a call and we will design the bedding to meet your needs.
